design 2

FLOOR PLAN & EXTERIOR

Need an extra bedroom, office space or media room? Design 2 delivers with 3,900 sq. ft. of interior living space and nearly 800 sq. ft. of covered outdoor areas. It is also offered in Desert Contemporary (sloped roof lines) and Desert Modern (horizontal roof lines) exterior designs.

Boasting 5 bedrooms and 5.5 baths, Design 2 includes an attached super-casita with bedroom, living room and bath. The primary suite enjoys private patio views, a spa-inspired bath crafted with the finest fixtures and materials, and a spacious walk-in closet. Overnight guests and family members will appreciate private en-suite baths, substantial bedrooms and walk-in closets. Art collectors will find plenty of show space in the linear gallery. The 3-bay garage welcomes your cars, boats, golf carts and favorite toys with extra space for storage or a workshop.

Indoor/outdoor living reigns supreme with kitchen, dining and great room spaces that open up to multiple covered private patios, and a pool and spa area custom-designed for years of leisure and entertainment. In addition to standard Wolf/Sub-Zero appliances, the gourmet kitchen features a spacious island with a bar-height casual dining area, expansive butler's pantry for food prep, storage, and walk-in pantry. Let the entertaining begin!
